

Thrust Areas of research:

Thrust areas of Research are as follows:

- Teaching learning & Evaluation
- Educational Psychology
- Educational Sociology
- Educational Management
- Brain Based Learning
- Inclusive Education
- Comparative Education
- ICT infused Education & E- Learning
- Innovative Pedagogical Practices
- Holistic Education
- Health Education
- Peace Education
- Value Education
- Life skills & Employability Skills
- Artificial Intelligence in Education
- Art integrated Education
- Sports integrated Education
- Happiness Education
